ADVANTEDGE - OVERVIEW

ADVANTEDGE

Led by the **business**, enabled by **Technology...**

ADVANTEDGE - OVERVIEW

- **What is E-Vendor**

E-Vendor is an user friendly, intuitive and self serve supplier portal that helps Suppliers and Buyers communicate with each other; it covers the end to end supplier lifecycle relationship from Supplier On-boarding, Purchase Order to Invoice collaboration and reporting for both EDGE Buyers and our Suppliers

- **Benefits of adopting the E-Vendor Portal for the Supplier & Procurement Function**

E-Vendor helps suppliers stay up to date with EDGE's requirements, purchase orders, and receivables leading to better planning and reduced need for voice and email communications. Similarly, it helps our Procurement team to be aware of order confirmation, dispatch plans, shipment details and delivery dates.

- **How E-Vendor will impact our Suppliers**

All EDGE Buyer & Supplier communication, supplier profile registration and updates will be conducted and managed through the E-Vendor Portal
